

 **HEAVY STONE RINGS**
2017-2018

We are excited to present our 2017-2018 Heavy Stone Rings catalog.

In this edition, you will find our growing precious metals collection and our contemporary metals collection, to allow quick access for all your wedding band needs.

We continue to grow and expand, and as always, we feel a great amount of gratitude for you, our customers. To enhance our communication with you, we will be sending a monthly email featuring new designs, promotions, and tools to better help meet your customers' expectations.

This year, we are proud to introduce two new Damascus lines; our

Twisted Damascus and Moku-Ti lines are sure to impress.

Additionally, the new Undertones Collection and its bright colors are a great flash of flare!

At Heavy Stone Rings, your upmost satisfaction is our goal! We are continually trying to improve your experience and understand your needs. We appreciate your feedback and enjoy getting to know you better.

If your travels bring you to Utah, come pay us a visit. We'd love to show you how our rings are made. We look forward to seeing you soon and hope to continue to earn your business.
