June 2015

We are excited to release our 2016 Heavy Stone Catalogs. It has been a wonderful year and we are appreciative of you, our customers. Thank you for your business and friendship.

In light of the positive feedback we have received with our introduction of precious metals recently, we are happy to announce that we will be offering two catalogs this year. In addition to our Contemporary Metals Edition, we will feature a Precious Metals Edition. Please take time to check out both catalogs to see all the exciting new designs.

In our Precious Metals Catalog, we have added a little "Heavy Stone" flare with our "Heavy-Bonded" and "Crossover" lines. We have also added several designs in the Contemporary Metals Catalog; including the much anticipated meteorite rings. Our hope is that through our wide variety of metals, styles, and custom work, we can accommodate your customers- whatever their tastes may be. We hope to be your one-stop shop when it comes to wedding bands.

We enjoy visiting with you and getting to know you and your needs better. If your travel brings you to Utah, please stop by and see us. Let us take you on a tour of our manufacturing facility. We look forward to hearing from you and hope to continue to earn your business.
